Old Aunt Hannah.

BY W. n. HOLCOMBE.

Bet's wait a little longer, Tom! Before we westward go: Let's wait for old Annt Hannah's sake, 'Twould break her heart. I know. Look at her in her corner there, Her head is white as snow; The last leaf of the good tree-We cannot leave ber so!

In this old mausion was she born, Her joys and grie's were here: How well she loved and norsed as all Through many a changing year! See how she's smiling at the fire. And whispering something low! She's thinking of our Christian times, O, long and long ago!

Beside you crumbling garden wall Onr gallant father lies, Our good old mother at his side-Annt Harnali closed their eves! She was the playmate of them both, Some fifty years ago -

To leave those dear old graves behind, 'Twould break her heart, I know.

When the dear old soldier parceled out His treasures great and small. Aunt Hanoult be would give to none, He gave her to us all. We laid his good sword on his breast, For he had charged us so-Whilst old Aunt Haunah hnelt in tears-Ah! Tom! we cannot go!

Her failing sands will soon be out, The kindly angel come, And lead the good, old, faithful soul To her great Master's home, And when we've marked her simple grave. And dropped a tear or so. We'l' uin the ashes of the past, And westwar I gaily go!

Ayer's Sarsaparilla

A compound remedy, designed to be the most effectual Atterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellowcitizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following comulaints: -

SCHOFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AF-FECTIONS, MERCURIAL DISEASE, DROPSY, NEU-RALGIA OR TIE DOULOUREUX, DEBILITY, DYS-PETSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOM.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul lumors which fester in the blood at that season of the year. By the time- harm any one. ly expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; eleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder Druggists and Dealers in Medleines. is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this My signature in on each package. All other are pubulum of life disordered, there can be no counterfeit. fasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else. During late years the public have been mis-

led by large hottles, pretending to give a quart

of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the had of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete cradication from the system, the remedy should be ju liciously taken according to directions on
